JOSIAH TURNER, Jr., EDITOR.

George Alfred Townsend, the Washington correspondent of the Chicago Tribune, (Rad) presents a diagnosis of the condition of the Radical, "the Barren Tree party," and fortells its dissolution with the phlegmatic science of a Paris physician, delivering his opinion upon an important patient sick of a hopeless disease. Townsend says that the party will die in 1872. From the stand point of Washington he portrays thus the dying agonies:

The Republican party will undoubtedly have as much as it can do to keep its majority in the House of Representatives.—It will lose seats in New York, and, I suspect, in every Southern State, and will be hard pushed in Connecticut, New Jersey, Ohio, Missouri, and parts of Pennsylvania. By the Executive Government and the Senate, it will be able to hold the leading strings of power for at least three years more, but the experience of the past is that the Senate is a ductile and malleable body, seldom leaning far from the true sentiments of the Lower House, and if you ever find the House to pass an important bill and the Senate to non concur, you may generally conclude that the House, having the fear of the people before its eyes, legislated hypocritically and afterward went up to the Senate and begged non-concurrence. This was the case with the repeal of the franking privileges, and even with the House's impeachment of President Johnson. The unchanging Senate, therefore, is by the conditions of itself, a thing of change, reflecting the wishes of the Lower House, as the mirror of Athene showed persons the face of the Gorgon. Let the Senate stand in the way of a determined Congress and the noses of the people will terrify it as Wellington and his peers grew pale before the roar of the reform party.—With the Senate against Andrew Johnson, it was never able to do more than to irritate him by rejecting a few of his appointments. The history of a Senate against the President is that it becomes corrupted by his patronage, and of a Senate against the House, that it yields to intimidation and the will of the country. Nevertheless, on grave occasions, it is the citadel of the State against all.

I say, therefore, that the change of the Lower House is equivalent to a general change of policy and expenditure, and yet, singular as it may appear, a change of majority in the House of Representatives at present might be substantially a Republican victory. Much of the present Congress is only Republican in name and organization. The purposes for which the party was organized, and the spirit which animated it, are retained by a minority of the Republicans in Congress only. The Republican party was the party of free homesteads, but this Congress has swept down the homestead system and substituted the land-monopoly system. The Republican party was the party of no section, but of national freedom; this Congress considers Pennsylvania to be the Union, and insulation to be enlightenment. The Republican party was the party of all, and an equal chance for them all; but this Congress has represented a few, and they not those whose daily cry is, "What shall we eat, and what shall we drink, and wherewithal shall we be clothed?" The Republican party set up a new man as the type of the State and asked that he be unrestrained in his industries, adventures and enterprises, and be left free to establish confederacies of freemen like himself in his own way; the majority of Congress would create a State modeled upon its own pet theories and private interests and compel the man to inhabit and conform to it. This is the Republicanism of a majority of Congress, a set of inventive bureaucrats and a "mice" in every drawer of the bureau. Let these take their involved piece of cabinet-ware, which they have named the New Nation, and preach upon it for a text. The Republicans of the West have been true to their first conception. The members from the State of Illinois have in general voted solidly and intelligently for the free State with a man in it, and there is scarcely one of them who, according to his degree of power and light, has not distinguished his day and generation. The Republicans of the State of Missouri and Iowa have, in general, been equally true to the origin of their party, and Ohio and Indiana have furnished several consistent examplars of the spirit of '56. In Wisconsin and Michigan the old mastadons of Whiggery have risen up and sought in vain to realize the time and the clime, but the effort has generally been too much for their vegetarian stomachs. In those States the Republican party is in a clear majority, but the Republican party has been betrayed in Congress. Those men who have sold or misinterpreted the manhood of the West are to come face to face with their constituents, and it is no funeral of the Republican party if they be elected to stay at home. Let these questions be put to them:

How many bills have you favored to take our homesteads and give them to railways?

What protection can you give to a man on the open prairie, menaced all around by combinations of Indians, capitalists, tariffs and transportation monopolies?

How much has your vote lightened my taxes and the cost of my salt, clothing, lumber, iron and freighting?

Have I, with my 160 acres and nothing else, been as much considered by you and yours as the man with a steam saw mill?

Have you been taking care of me according to my notions or according to the notions of the gentleman on the other side of the Alleghanies?

Have you voted for any subsidy, drawback, grant, foreign island, bounty, increased tax or discriminating duty?

Produce the record of your votes.

I venture the prophecy that in all the States where the Republican delegation can meet those questions Republicans will come back to the next Congress. And where the delegation cannot answer them disaster will fall upon them like the Philistines upon Saul.

The Administration, by which we mean the Executive Government—President and Cabinet, Vice-President and Speaker of the House—will have little influence upon the election of the next Congress. None of them have defined any position upon the questions propounded. The President has signed whatever railroad bills that have got up to him. He has, apparently, very crude and sophomoric ideas of what a Republican State ought to be. The Vice President has been silent, and can therefore be quoted neither for good nor evil. The Speaker of the House would be a low tariff man, even if he were a good politician, but small is the help his committees have given the Republican party. The Cabinet has the merit of harmony, but it has not probably filled the measure of expectation and has certainly failed to strike the chords of the people. The consequence is that the next election will be a popular election pure and simple, every district selecting a Congressman for itself, and concerning itself little about past issues. Upon that next Congress will depend the fate of the Republican party in 1872.

WALTHAM WATCHES.

THE EXTENSIVE USE OF THESE WATCHES for the last fifteen years by Railway Conductors, Engineers, and Expressmen, the most exacting of watch-wearers, has thoroughly demonstrated the strength, steadiness, durability and accuracy of the Waltham Watch. To satisfy that class in all these respects, is to decide the question as to the real value of these timekeepers.

More than 450 000 of these watches are now speaking for themselves in the pockets of the people—a proof and a guarantee of their superiority over all others.

The superior organization and great extent of the Company's Works at Waltham, enable them to produce watches at a price which renders competition futile, as those who buy any other watch, merely pay from 25 to 50 per cent. more for their watches than is necessary.

We are now selling Waltham Watches at less prices in greenbacks, than the gold prices before the war. There is no other manufacture of any kind in the United States of which this can be said.

These time-pieces combine every improvement that a long experience has proved of real practical use. Having had the refusal of nearly every invention in watchmaking originating in this country or in Europe, only those were finally adopted which several years testing by the most skilful artisans in our works, and long use on the part of the public demonstrated to be essential to correct and enduring time-keeping.

Among the many improvements we would particularize:

The invention and use of a centre-pinion of peculiar construction, to prevent damage to the train by the breakage of main springs, is original with the American Watch Company, who, having had the refusal of all other contrivances, adopted Fogz's Patent pinion as being the best and faultless.

Hardened and tempered hair springs, now universally admitted by watchmakers to be the best, are used in all grades of Waltham Watches.

All Waltham Watches have dust-proof caps, protecting the movement from dust and lessening the necessity of the frequent cleaning necessary in other watches.

Our new patent stem-winder, or keyless watch, is already a decided success and a great improvement on any stem-winding watch in the American market, and by far the cheapest watch of its quality now offered to the public. To those living in portions of the United States where watchmakers do not abound, watches with the above mention d improvements which tend to insure accuracy, cleanliness, durability and convenience, must prove invaluable.

Every watch guaranteed by the Company.

To prevent imposition, buyers should see that every watch should bear either of the following trade marks.

American Watch Co., - - - Waltham, Mass.

SWEET QUININE

Is a Recent Improvement.

Replaces the use of the BITTER SULPHATE QUININE, with which all are familiar. Dose for dose, it is

WARRANTED

Fully equal in every way to Bitter Quinine,

AND, LIKE IT, IS THE ONE

Great, Positive, and Unfailing

CURE

For all Diseases of Malarious Origin.

Fever and Ague.
Intermittent Fever,
Chill Fever,
Remittent Fever,
Bilious Fever,
Dumb Ague,

and the long train of disorders following these when neglected.

SWEET QUININE

is made solely from Peruvian Bark (as is Bitter Quinine), therefore is of Vegetable origin, and not a Mineral poison, but on the contrary is proved to be one of the elements found in the blood of all healthy persons.

SWEET QUININE

acts as an antidote to, as well as a cure for, malarial or miasmatic poison, the absorption of which by the lungs causes Intermittent Fevers, etc. The one advantage claimed for

SWEET QUININE

over the use of old Bitter Quinine is the entire absence of that intense, persistent bitterness which in the latter is an insurmountable objection to its use with most persons, and always with children.

SWEET QUININE

is in two forms—in POWDERS, for the use of Physicians and Druggists, and FLUID, for use in the family and for the general public.

PUBLIC SCHOOL FUND.

When the Radical party came into power in North Carolina, on no subject did it make stronger pledges to the people than in the matter of public schools. The new Constitution made a liberal foundation for a splendid scheme of Public Instruction.—Provision on paper and a great flourish of trumpets, led the people to look for *something*. Pilgrim Ashley and his co-adjutors have devised and talked about plans, which might startle the great States of New York and Ohio, by their magnificence and costliness, but what has been done? Absolutely nothing.

Gov. Vance in his Tucker Hall speech demonstrated that like other pledges of the Radical party, its Educational scheme was a most inglorious failure. If a single public school, white or black, has been set on foot in North Carolina supported out of the School Fund, (except the common school in operation at the university under the instruction of President Pool, Patrick, Martin &c.) the public know nothing about it. The last tax bill raised $240,000 from the poll tax, yet no school has been established. No colored or white public school, as far as any one knows, except at the University, is in operation in the State under Superintendent Ashley! This is a fact which the people ought to know, and yet a good portion of the $240,000 is gone! Who knows where?

The *Standard* in order to cover up the bad conduct and utter failure of the Holden administration in reference to Public Schools, endeavors to turn public attention to the management of the School fund, under Gov. Vance's administration. Let the facts be brought out, and let the public judge.

When Gov. Vance entered upon the office of Chief Magistrate in 1862, he found the Common Schools in operation. He, in conjunction with the Literary Board, determined to keep up the schools during the war. Mr. Wiley, the Superintendent, had on his list in 1862, about 125,000 children enjoying the benefits of common school instruction. About $180,000 was appropriated that year out of the Literary Fund to keep up the schools, and they were kept up in 1862 and 1863, in the midst of a devastating war.

The entire income of the School Fund was in Confederate money, and the Board determined to expend it to the fullest extent in keeping up the schools. When he came into office there was on hand both Confederate bonds and Confederate money. These were accumulating beyond the ability of the Board to expend on the schools. After mature consideration and getting the best advice, the Literary Board with the approval of Gov. Vance, determined not to invest in Confederate bonds, but to invest all the surplus means of the Board in new North Carolina bonds. No Confederate bonds were bought, nor could old State bonds be bought except at a high price, hence the investment was made in new N. C. bonds, believing that whatever might occur, North Carolina would never repudiate her school fund.—Under this arrangement the Literary Fund was largely increased during his administration, and the schools kept up until the Federal troops occupied the State and the ravages of war prevented. At the time the war closed the School Fund amounted to about $2,250,000.

We are assured, that at the time, the course of Gov. Vance and the Literary Board, was fully endorsed by Gov. Holden and by every public man in the State. The Fund consisted in State and Cape Fear Bank stocks, Railroad stocks, North Carolina bonds, &c. The Confederate bonds and money on hand at the close of the war, had accumulated beyond the power of the Board to invest or expend.

Now how comes it, that the Fund was lost? We are able to prove that the School Fund never did more good and was never better managed than under the administration of Gov. Vance. He and the Board sold no public lands for a song, nor Railroad stocks either.

The *Standard* knows that the School Fund was nearly destroyed after the war, without the concurrence of Gov. Vance or the Literary Board. The *Standard's* own party, required of the State the repudiation of all her bonds issued during the war for its support. That alone, broke the Banks and rendered the Bank stock, owned by the Literary Board, worthless, and, at the same time, destroyed all the new State bonds held by the Board. How has the Radical party, under Gov. Holden and Superintendent Ashley, managed the School Fund? The people shall know.

SAMUEL F. PHILLIPS AND FREEDMEN'S RIGHTS.

When the Democrats and Conservatives tell the colored people that they have no disposition nor intention to interfere with their rights, as fixed and established by the Constitution of the United States and the Constitution of this State, the *Standard* and the Republican leaders tell them, "O don't believe them! Don't trust them! They only want your votes; they have repented too late!"

Now there is one thing the colored people are bound to admit; that is, that the Democratic and Conservative party has never deceived them yet by holding out great promises to them and then failing to fulfil them. They have never promised them "forty acres and a mule," nor any other great thing, just to get their votes.

But we started this article to show the colored people something about their candidate for Attorney General, Mr. Samuel F. Phillips. He was not a Republican, as he says himself, until the Republicans nominated him for Attorney General. He is now a great friend to the colored man and his rights; but is he not a new convert? Perhaps he is *not* converted; and in fact, we doubt that he is.

He was certainly a terrible sinner in this respect, in 1866, as we shall proceed to show.

During the session of the General Assembly of 1866, of which Mr. Phillips was a member, the subject of fixing the *status* of the colored population of the State was under consideration, and Mr. Phillips made a speech on it.

Several members of the Legislature wrote Mr. Phillips a note, asking him for a copy of this speech for publication, and in compliance with the request, he *did* write it out, and it was published, and we have some copies of it.

In this speech Mr. Phillips told the Legislature and the people what *he* thought about negroes voting and holding office. We shall give extracts occasionally, that the colored people may see what Mr. Phillips then thought of them. We will give one to-day; here it is:

Mr. Phillips said:

"I enter fully into the counsels of those who define this to be a government of White men. For one I propose that none but White men shall participate in the duty and distinction of controlling this government. I maintain that the rights of suffrage shall be theirs exclusively—as also the duty of exercising public employment and the duty of distributing justice. Every public place—from the jury box to the chair of the President, must be a place for the White man alone. It is obvious that so long as this continues to be so, the government will be the White man's government."

Now, colored men, what do you think of your candidate for Attorney General? Has any Democrat or Conservative ever gone any further than that? We ask you to think of these things—think for yourselves, and don't let hypocritical party leaders, who only want your votes to put them in office, pull wool over your eyes always.

INDIAN WARFARE.

"For a life, another life. For a blow, another blow."—*Standard.*

Then the object of the new military movement is to initiate the well known Indian doctrine, namely, if an Indian is killed, some white man, no matter who, must be killed to appease his spirit.

Is this what the Governor means?

Who will he kill for Colgrove? Who will be murdered for Stephens? Who hung for Outlaw? The civil authorities either could not or would not detect and arrest those who committed these murders, and as we are to have "a life for a life," we suppose somebody is to be picked up, perhaps on bare suspicion, perhaps even without suspicion, and hung, or shot.

Is this the state of things the Governor is laboring to bring about?

Who is to die for Foscue? Who for the McLeods? "For a life, another life," and for fear our own citizens might be a little squeamish in carrying out the rule, Kirk is imported to execute it. Ah! he is the man for the Governor!

SECOND CONGRESSIONAL DISTRICT.

The Conservative Congressional Convention which met at Goldsboro' yesterday, to nominate a candidate for Congress from that District, unanimously chose Col. L. W. Humphreys, of Wayne.

A precocious boy in a public school out West, who stands high in geography, was recently asked by his teacher where Africa was located. He promptly answered, "All over the United States."

The Albany *Journal* (Republican) thinks Judge Chase is the most probable candidate at the next Presidential election. The Albany *Times* is of opinion that Governor Hoffman is the coming man. The nominating convention for the next Presidency will be held about two years hence.

The census-takers get two cents for every name taken, ten cents for every farm, fifteen cents for every productive establishment of industry, two cents for every deceased person, and two per cent. of the whole amount for names enumerated for social statistics, and ten cents per mile for travel.

There have been many definitions of a gentleman, but the prettiest is that given by a young lady. "A gentleman," says she, "is a human being, combining a woman's tenderness with a man's courage."

TRINITY COLLEGE COMMENCEMENT.

We are indebted to a friend who went, saw and enjoyed the pleasant occasion of the Trinity College Commencement; but as it is somewhat lengthy, and we are cramped for space, he will have to excuse us for jumping over that part relating to the trip to High Point and thence out to Trinity, Frazier's omnibus and the embryo cities, and pitching at once into the Commencement exercises:

The Declamations by the members of the Freshman class took place on Monday night before our arrival and of course we could not judge of their merits.

Declamations by members of the Sophomore class took place on Tuesday night.—There were nine of them and all made good speeches. The best we thought was by B. H. Culbreth of Sampson Co. His subject "The Pen mightier than the Sword," a little hackneyed, but still prolific, and his speech was well written and well spoken. The most humorous was "Womans Rights" by J. L. Tomlinson of *Bush Hill*. He, we understand, is a quaker. We should not be surprised to learn that the spirit had moved him to extend the jurisdiction of some woman over his department of Bush Hill are long. He talks just like he would be willing.

On Wednesday at 11 o'clock the annual sermon was preached by Rev. J. H. Daily of Raleigh, his text was from 1st Cor. III 11, "For other foundation can no man lay than that is laid, which is Jesus Christ." The sermon was of course able, eloquent and good, as is all his discourses.

On Wednesday evening at 3 o'clock the chapel was again crowded to hear the address to the Literary societies by Maj. Seaton Gales of Raleigh. We have heard Maj Gales before, but never heard from him anything better than was this address. This is as much as need be said. The young men of the societies were much pleased at the selection they had made in securing his services and every one enjoyed a literary treat.

On Wednesday night we heard the orations by members of the Junior class.—These were also good. Prominent among the best was "Darius Determines Fortune" by H. W. Norris of Wake Co. To demonstrate the truth of this doctrine he advanced some ideas which seemed a little extreme and extraordinary, in which he was a little taken off by E. C. Elder of Randolph, who followed with "Circumstances on Practical Destiny," advocating contrary views.

After these declamations Prof. Johnson delivered the address to the Alumni. His address was 'short and sweet," one of the prettiest things we heard and put every one in a good humor with him, themselves and every body else.

Thursday was Commencement day. The exercises were opened between 10 and 11 o'clock, with vocal music by the choir, anthem, Oh, Praise the Lord, a beautiful anthem and well rendered. After which was prayer by Rev. President Jones, of Warrenton Female College. Then followed the orations by the graduating class, fourteen in number, in the following order:

1. Latin Oration, Salutatory Address—By James Julius White, Trinity.
2. Thoughts and their Consequences—By Wm. Alexander Flynt, Forsythe county.
3. Be true to Thyself—By Henry H. Adams, Carthage.
4. French Oration—By Wm. B. Mance, Moore county. This was necessarily excused.
5. Life has no Chronology—By Richard Stokes Andrews, Trinity.
6. The real and the seeming—By Frank Lewis Reid, Thomasville.
7. A. D. 1860—By Vincent Blackstone Swan, Caswell county.
8. The Social Estate—By James DeJarnett Pemberton, Richmond county.
9. Greek Oration—By Saml. Weldon Brown, High Point.
10. Progressive Theology—By Junius Thomas Harris, High Point.
11. Egotism is Talent—By Wm. Grassaway Gaither, Davie county.
12. Trial by Jury—By Wm. Thos. Swann, Caswell county.
13. Lyric Poetry—By Alvis H. Stokes, Caswell county.
14. What shall be done with the criminal classes—By James Terry Le Grand, Richmond county.

These speeches were all good in matter and most of them very well delivered. We were particularly pleased with those of the Messrs. Swann, Le Grand, Harris and Reid. These young men have the talent to make their mark and we shall expect to hear from them good reports in future.

Interspersed between the speeches was music by the Salisbury Brass Band, not of the first order, however, which was, perhaps, owing to the short time they had been practising.

After the orations of the Seniors came the report of the President and conferring the degrees. The President stated that under the present system of grading, it was very difficult to obtain first honor. That only about 20 (if we remember correctly) out of the 170 students of last session had obtained it, and only one in all the schools. This one was Mr. Andrews, of Trinity. He stated also that the Trustees had resolved to build a new Chapel before next Commencement, which every one seemed glad to hear, as they were just about sufficiently packed to want more room badly. Those who could not get into the chapel that day will doubtless also appreciate this resolve of the Trustees, if they will carry it into execution.

The degree of D. D. was conferred on Rev. Turner Marion Jones of Warrenton Female College, and A. M. on some Virginian whose name we do not remember.

The medals were presented to the Graduates from their respective societies by Maj. Seaton Gales, in a very beautiful and appropriate *impromptu* speech.

The party on Thursday night was a grand success in its way. We had never found means to enjoy anything of the kind much, and were inclined to leave before it came off, but this one we did enjoy *very much* and were glad that we remained. The only drawback was the immense crowd, but the disadvantages were much obviated by throwing open all the Literary Halls, Libraries, Museums, officers and students rooms—all of which were well filled as well as the passages on the several floors. Some of the lads lost sight of their lassies soon after going, and spent most of the balance of the evening in hunting and enquiring for them. This was quite amusing to those of us who were more fortunate as well as those lads who found theirs, but rather poor fun to the loosers.

The good things to eat abounded of the nicest quality. The boys engaged supper for 800 people and we should judge that they had all of that number to feed, and plenty for all.

There were about 170 boys at Trinity last session. We made the acquaintance of a large number, and found them to be the most gentlemanly, quiet, genial, hospitable, and in every way pleasant and agreeable young men we have ever seen assembled.—If they were girls we should, of course, say they were beautiful—but as it is, they will not expect that. It can be safely said that they appreciate beauty; they have very few young ladies thereabout, but the company of some of these had been engaged to attend the commencement exercises four or five months in advance. Most of the resident ladies have to receive about twenty visitors of the students each week. Glad our sweetheart is not about there.

Dr. Craven, though more familiarly known among the boys as "Old Brac," is very popular and much respected—as is also the several Professors, especially "Napier." We learned that there were more visitors from a distance do this than any preceding commencement; more students than ever before and more than at any other Methodist College in the South. They expect and will make room for still more. "Long may Trinity wave" and grow in numbers and usefulness.

JAJ.

For the Sentinel.

Agreeably to a previous notice given, a meeting of the Conservative party of Cabarrus county was held in the Court House in Concord, on Saturday 18th inst.

Upon motion, Col. Wm. A. Weddington, was appointed chairman, and Caleb Pitts secretary.

The object of the meeting was then briefly explained by W. J. Montgomery, Esq., to be the nomination of candidates for the different county offices, and a candidate to represent the county in the House of Representatives of the next Legislature of North Carolina.

Upon motion, a committee consisting of one delegate from each township was selected to act as a nominating committee. A recess of ten minutes took place to enable the delegates from each township to consult together. The names constituting the committee being then announced, they retired to consult.

Upon motion, a committee consisting of W. J. Montgomery, Dr. F. M. Henderson and John Morrison, were selected to report suitable resolutions for the action of the meeting. Upon their return the following resolutions were reported and unanimously adopted:

Resolved 1st. That we fully approve of the address issued by the Conservative party of the last Legislature and pledge ourselves to a strict adherence to the principles therein announced.

Resolved, 2nd. That we heartily endorse the nomination of Judge Shipp, as the Conservative candidate for Attorney General of North Carolina, and hereby pledge ourselves to use all honorable means to secure his election.

Resolved, 3rd. That we pledge ourselves to support the nominees of this meeting.

The Committee upon nominations having returned reported the following named candidates:

For House of Representatives—Dr. John L. Henderson.
For Sheriff—Nelson Slough.
For Coroner—C. R. White.
For County Treasurer—Joel Reed.
For County Surveyor—Wm. A. Willingham.
For County Register—Ransom Winecoff.
For County Commissioners—Joseph Young, Stanhope Caldwell, John Hileman, R. A. Barrier and John H. Newell.

The nominations were unanimously endorsed by the meeting.

Upon motion, the proceedings were ordered to be published in the Charlotte papers, Salisbury papers and Raleigh SENTINEL.

The meeting, during its sitting, was highly entertained by speeches from Mr. Wm. G. Means, W. J. Montgomery and Robert Means.

Upon motion, the meeting then adjourned.

WM. A. WEDDINGTON, Chairman.

CALEB PITTS, Sec'y.

For the Sentinel.

At a meeting of the Conservative party of Yadkin County, held in the Court House at Yadkinville, on Thursday, June 16th, 1870, all the townships being represented, S. L. Speer was called to the Chair and P. H. Malcomb and Jno. H. Johnson were appointed Secretaries.

The Chairman explained the object of the meeting to be the nomination of candidates for the various offices to be filled the present year.

On motion it was agreed that in the selection of candidates, the convention vote by townships—each township being entitled to one vote.

On the first balloting a candidate for Representative and candidates for most of the other offices were chosen. Two other ballotings resulted in the selection of candidates for the remaining offices.

The nominations made are as follows:
For Representative—John G. Marler.
For Sheriff—T. D. Kelly.
For County Commissioners—Jno. D. Halcomb, Jno. W. Algood, A. Horne, S. T. Speer, and James C. Miles.
For Register of Deeds—W. F. Hoots.
For County Treasurer—Reps Martin.
For County Surveyor—Geo. D. Hobson.
For Coroner—A Douglas.

On motion the above nominations were made unanimous.

John G. Marler being called on, responded in a few appropriate remarks, accepting the nomination so unanimously tendered him by the Convention.

On motion, it was ordered that the Chairman appoint five delegates from each township to meet the delegates from Surry at Rockford, on the 18th inst., for the purpose of nominating a candidate for the Senate.

On motion of Joseph Dobson, Esq., the following resolution was unanimously adopted:

Resolved, That we cordially indorse the address of the Conservative members of the last Legislature and adopt it as our platform.

On motion of R. C. Poindexter, Esq., the proceedings of this meeting were ordered to be sent to the Raleigh SENTINEL and *Old North State* for publication, and that the Winston *Sentinel* and Salem *Press* be requested to copy.

S. T. SPEER, Ch'm.
P. H. HALCOMB, Secretaries.
JNO. D. JOHNSON,

The Senate increased the Congressional representation of the House to three hundred members, at which the West is jubilant. The present House consists of two hundred and forty-four; the increase will be fifty-six, of which Illinois will have six, Indiana two, Ohio two, Michigan four, Wisconsin four, Iowa four, Minnesota two, Missouri four, and Kansas two. Total, thirty. With thirty more votes in the next House and thirty more votes at the next Presidential election, the West will be able to defy the East, and make her power more felt in the councils of the nation. The end of New England dictation is at hand. Leaders from that section have been arrogant, grasping, intolerant, and when the screw is reversed they will be badly pinched.—*Philadelphia Age.*

THE PRICE OF FLOUR.—A farmer of much intelligence and information, who resides in a neighboring county, has expressed to us the prediction that the crop of wheat now being harvested will be so immense, that flour next fall will be sold at $4 per barrel. So mote it be.—*Lynchburg Republican.*

The Mississippi legislators make a good thing of it. Besides drawing $8 a day, one of them keeps a butcher shop and another plays the fiddle at private parties.

DR. C. E. JOHNSON, MEDICAL EXAMINER.

CASH ASSETS - - - - - - - - $500,000.

YOUNG, HEALTHY, VIGOROUS AND CONDUCTED BY A WISE, PRUDENT, AND ECONOMICAL BOARD OF DIRECTORS UPON A

NEW SYSTEM,

devised by its talented and distinguished Actuary CHAS. N. MORGAN, which must make it the leading Company in America, for persons in

MODERATE CIRCUMSTANCES,

and all who appreciate and demand the most UNQUESTIONABLE SECURITY, at rates in most cases, SOMEWHAT LOWER than those of the leading Mutual Cash Companies.

The Excelsior issues Policies on the plans of *Mutual* Companies, extending to policy holders, all th ir really desirable advantages. *Its policies being non-forfeiting*, the insured are privileged to *live and travel where they please* in any healthy part of the world, they participate in its profits, are allowed 30 days grace for payment of renewal of premium, a cash surrender value of policy, and a *privilege* which has never been offered by any other Company, that of converting Policies into

ANNUITY BONDS,

after the payment of 5 or more annual premiums.

☞ Hitherto, I have been restricted in the very popular Company which I had the honor to represent to Stock rates alone, which most of the *Mutual*, and mixed Companies have adopted. This disadvantage, together with the multiplication of many new Companies, in this State who claimed to possess unusual charms, together with the extraordinary attractions presented by the Excelsior induced me to accept the management of that Company, whose plan combines all the popular features of other Companies, represented in this State, without an exception, and the additional privilege of converting policies, which the holder may not afford to keep up, or wishes to discontinue because of the death of those for whose benefit the policy was secured, both on *Annuity Bond* which provides an *income in cash through life, or for a series of years*, as may elect.

Circulars giving full explanations and any other information, will be cheerfully furnished.

The most liberal arrangements will be made with first class solicitors, to push the interests forward in the Old North state, to that point on which her low rates and most ample security entitle her to occupy.

CITY AND STATE ITEMS.

THURSDAY, JUNE 23, 1870.

☞ THEO. N. RAMSAY, as Business Clerk, is authorized to make contracts and give receipts, &c., &c.

SPEAKING AT DURHAMS.

We are requested to announce that Hons. S. H. Rogers and R. B. Gilliam, the Conservative candidates for Congress for this District, will address the citizens of Orange, at Durhams, on Saturday the 16th of July next. Everybody is invited to attend.

NEW ADS.—Meeting of the M. C. A.

Whisky, apple brandy and all sorts of liquors and groceries at G. T. Stronach's.

Upholdstering by R. R. Harrison.

Court notice, Nash county.

Scuppernong wine and Southampton hams, W. H. Jones & Co.

Fresh arrivals of beautiful selections of dry goods at Primrose, Petty and Newsom's. Read all of them.

ARRESTED.—We understand that some white men were arrested and brought to the city last night, on a warrant taken out by a colored man, who charges them with whipping him. They have been in the city all day, but have had no examination. They seem to be walking about quite freely, and we learn they are able to prove themselves clear of the charge.

The parties we learn are, Webster Sorrel, Young Chapel, —— Pennington and —— Holdersfield. Just as we go to press, we learn their examination is about to be entered on.

UPHOLSTERING.—Rufus Harrison, whose advertisement appears to day in the SENTINEL requests us to say that he will, before long, take a trip to the eastern part of the State, and will visit several towns, where he will be glad to get work. We commend him as an experienced and faithful workman in his line.

MECHANICS' No. 2.—Mechanics' Fire Company, No. 2, will meet at Fireman's Hall this (Thursday) evening, at 8½ o'clock. Every member is requested to attend.

FOR CONGRESS.—H. H. Helper is out as an independent candidate for Congress in the sixth district, in opposition to Hon. F. E. Shober. The Rads of that district have made no nomination, yet.

A NUISANCE.—We call the attention of the police to a number of hale and hearty colored boys, who stand at the gate of the Capitol Square, facing Fayetteville street, and annoy passers-by by begging for "five cents." We hope the authorities will put an immediate quietus upon such disgraceful proceedings. These boys should be made to engage in some kind work of and not be allowed to roam the streets begging for charity, to which they are not, by any means, entitled.

In our perambulations through the city, we have seen and become aware of many other matters which demand the attention of those to whom the good order and morals of the city have been entrusted, and of which we shall, at some future day, speak more plainly, if steps are not at once taken to remedy the evils, especially the many stagnant, malaria and musqueto breeding pools.

ATTENTION FIREMEN.—There will be a special meeting of Rescue Steam Fire Engine Company, at Prempert's Saloon, on to-morrow, (Friday) evening, at 8½ o'clock. A full attendance of the members is desired. By order of the Foreman.

JOHN C. GORMAN, Sec'y.

At a meeting of the Raleigh Base Ball Club, the following officers were elected: J. C. Blake, President, E. P. Jordan, Vice President, Leo. D. Heartt, Secretary, S. C. White, Treasurer, and W. E. Anderson, F. M. Sorrell and A. D. Jenkins, Directors.—The Club adopted the Constitution and By Laws of the National Association of Base Ball Players. The time for playing was fixed at 5½ o'clock P. M. on Mondays, Wednesdays, and Fridays. The club adjourned to meet again at the call of the President.

There will be a called meeting to night, 8½ o'clock, at Prempert's saloon.

The Living Machine.

Injure the main spring of a watch, and every portion of the works become disordered. The human stomach is to the human system what that elastic piece of metal is to a chronometer. It influences the action of the other organs, and controls, to a certain extent, the whole living machine. The comparison may be carried further, for as the weakness or other imperfections of the main spring is indicated on the face of the time-piece, so also is the weakness or other disorder of the stomach betrayed by the face of the invalid. The complexion is sallow or faded, the eyes are deficient in lustre and intelligence, and there is a worn, anxious expression in the whole countenance which tell as plainly as written words could do, that the *great nourishing* organ whose office it is to minister to the waste of the body, and to sustain and renew all its parts, is not performing its duty. It requires renovating and regulating, and to accomplish this end Hostetter's Stomach Bitters may be truly said to be *the one thing needful*. The broken main spring of a watch may be replaced by a new one, but the stomach can only be repaired and strengthened, and this is one of the objects of the famous vegetable restorative which for eighteen years has been waging a successful contest with dyspepsia in all climates. As a specific for indigestion it stands alone. When the resources of the pharmacopœia have been exhausted, without avail, here, doing more than mitigating the complaint, a course of this wholesome and palatable, yet powerful, stomachic effects a perfect and permanent cure. In all cases of dyspepsia the liver is more or less disordered, and upon this important gland, as well as upon the stomach and bowels, the bitters act with singular distinctness, regulating and reinvigorating every secretive and assimilating organ on which bodily and mental health depend.

A clergyman in a recent sermon in New York, quoted an anecdote of an old merchant who instructed his clerks: "When a man comes into a store and talks of his honesty, watch him; if he talks of his wealth don't try to sell to him; if he talks of his religion, don't trust him a dollar.

False Colors on the Fore-top!—Who ever saw the natural tinge renewed in gray hair dye? No one. CONSERVATIVE NOMINATIONS FOR CUMBERLAND COUNTY.—From a friend we learn that the following nominations have been made by the Conservative Convention of Cumberland county:

For House of Representatives, C. W. Broadfoot and John Currie.

Sheriff, R. W. Hardie, present incumbent.

Coroner, Dan. Buxton, colored.

Register, W. F. Campbell.

County Commissioners, A. A. McKethan, (the other names not remembered.)

Note.—From the above it will appear that the Democrats and Conservatives of Cumberland county were not so much afraid of a colored Coroner going into gentlemen's parlors, as James Harris was when uncle Moses Patterson was nominated by *the other side* in Wake, for that office. Perhaps uncle Moses and other colored men will be able to see and appreciate the state of the case and perhaps may see, also, the reason of James's opposition to the nomination.

CONSERVATIVE MEETING IN TYRRELL COUNTY.

Pursuant to a call a good number of the Conservatives, of Tyrrel county assembled in the Court House on Saturday the 18th of June 1870, to appoint delegates to the District Convention to be held in Edenton, June 23rd 1870.

Whereupon Maj. J. F. Davenport was called to the Chair and E. A. McCleese and J. C. Meekins appointed to act as Secretaries. On motion the Chair appointed the following persons to attend said Convention with instructions to attend the Senatorial Convention.

LIST OF DELEGATES,

Charles M. Cleese, J. C. Meekins, Ashbee Jones, Timothy Jones, Thomas White, John Sikes, W. H. H. Cooper, F. J. Cohoon, Jesse Cooper, Eph Leigh, J. A. Spruill, Russell Armstrong, Wm. Jarvis, McG. Elliott, M. D. L. Newbery, Wm. Jarvis, W. J. Jarvis, W. J. Beasley and Brooks Snell.

It was resolved to hold a county Convention on the 9th of July, to nominate candidates for the Legislature and various county officers, and that each Township be requested to send a delegate for each twenty voters in the Township to said Convention. Mr. Samuel Newbery of Washington county, and our own Capt. Jarvis being called for, each addressed the meeting.

Wednesday Night Dispatches.

WASHINGTON.

WASHINGTON, June 23.—The Senate Judiciary Committee will report favorably upon Ackerman's nomination to the Attorney Generalship, but will oppose action until Ackerman's arrival here. He is expected every day.

Revenue to-day $650 000.

Boutwell orders all persons to be excluded from the money room in the Treasury, except bearers of his orders.

Cotton growers seem determined this year to reduce the price of cotton to 8 to 8 ten cents, with every prospect of doing it. The average yield is materially increased in every State, while the average of wheat, and probably corn, has decreased. The condition of the growing crops in North Carolina is good; in South Carolina cotton is looking well, except that there are the usual complaints of bad weeds; in Georgia it is late and smaller than usual, from the effects of drought for five weeks, which terminated May 25th, but it is growing vigorously now. The story was shorter in Florida and Alabama, and cotton is generally in good condition. Reports from Mississippi are still more favorable. In Texas parish, La., where the largest cotton yield of 18.7 was made, the condition of the crop is twenty per cent better than last year, and the average is increased one-fifth. From Texas comes reports of a backward spring, wet cotton late but thrifty and promising; and no State makes more favorable returns than Arkansas. Her average condition of the cotton is better than last year at this time. The acreage of sowable cotton in Texas has been increased.

SENATE.—A bill was reported authorizing a cable to Bermuda also to facilitate telegraph communication with the Belgians.

The tax bill was taken up with a sharp contest over the income tax, Sumner and Conkling arguing for abolition. All the other amendments were adopted when the matter of abolishing the income tax was postponed until Tuesday.

House.—The bill allowing Massachusetts over $500 000 of interest on the war debt of 1812 was amended to the effect that one payment shall close the account passed 101 to 51.

The President's veto of the bill to extend the patent for Smith's and Wesson's pistols was sustained 136 to 14.

During the discussion a severe collision occurred between Butler and Farnsworth. Farnsworth showed Butler having received $2 000 as the attorney of the parties desiring the extension. Butler retorted that Farnsworth had more beard than brains. Farnsworth replied, whether long or short, no member should steal under the shadow of his beard if he knew it. Mutual and lengthy denunciations followed.

The appointment bill was discussed up to adjournment.

The Commissioner of Internal Revenue has issued regulations regarding distillation from fruits, greatly reducing the burdens of that industry. They are quite lengthy.

MISSOURI.

ST. LOUIS June 22.—About 150 Chinese arrived last night and will leave for New Orleans.

Late letters from the Plains report that nearly all the young Indians belonging to the Arapahoes, Cheyenne and the tribes below the Arkansas River are on the war path.

Thursday Evening Dispatches.

WASHINGTON

WASHINGTON, June 23.—The Senate last night considered Southern railroads. The amendment for a land grant to the Decatur, Aberdeen and Vicksburg railroad was rejected by a vote of 29 to 25. Mr. Buckingham moved an amendment striking out the provision for a speedy extinguishment by the government of Indian land titles in the Indian Territory, which was adopted.

Several Senators remarked that there were no Indian reservations along the proposed line.

Various amendments were submitted and subsequently withdrawn. Among them one by Morrill of Vermont, authorizing railroads to be built anywhere in any State by anybody, and granting for that purpose all lands not already taken by railroads. (Laughter.)

Casserly said that the land grant fever in the Senate amounted to a delerium.

On motion of Harlan, the twenty-fifth section of bill was stricken out by a vote of 29 to 19.

On motion of Howard, the names of four additional incorporators were inserted.

Nye moved to substitute in lieu of incorporators in the bill, the names of John C. Fremont and a large number of others. He advocated the amendment as conciliator. Howard thought that as the President of the Memphis and El Paso railroad, Fremont, had as much to do as he could with the bill. He opposed the Nye incorporators. He criticised the conduct of General Fremont whilst in France in regard to his management of the affairs of the proposed Memphis and El Paso Rail road.

Trumbull defended General Fremont.

Senator Howard then obtained the floor and held it until midnight, when the bill was made the order of business for Thursday evening next.

House.—The entire morning was occupied in the discussion of the apportionment bill as amended by the Senate. The previous question was moved but failed of a second, when a number of amendments were introduced.

The Georgia bill is expected to come up this afternoon.

The resolution of the Senate Committee on Foreign Relations in regard to Cuba, substantially proclaims belligerent rights to the Cubans reasserts the Monroe doctrine.

Sumner made the report. It demands the immediate emancipation of slaves and exacts other conditions from Spain.

It is impossible to get the full import of the resolutions yet. They are the cause of much excitement and some astonishment.

NEW YORK.

NEW YORK, June 23.—A new cotton exchange will be organized on Friday.

The Elevated Railroad machinery gave away. Passengers along the line were dismounted; none hurt.

Special Notices.

PILLS are invaluable to all who suffer from Bilious and Liver Complaints, Sick Headache, Loss of Appetite, Drowsiness, Giddiness, and especially Indigestion, which prevails to an alarming extent in this country at the present day. By the judicious use of TUTT'S LIVER PILLS the bowels may be kept perpetually in a natural condition of good health. They do not act as merely temporary relief; they keep the human system in a state of sound and vigorous health, by easily and almost imperceptibly cleansing it of all impurities. *It braces and invigorates both the physical and mental organization.*

The Great Family Medicine of the Age.

THIRTY YEARS

Have elapsed since the introduction of the Pain Killer to the public, and yet at the present time it is more popular and commands a larger sale than ever before. Its popularity is not confined to this country alone; all over the world its beneficial effects in curing the "ills that flesh is heir to," are acknowledged and appreciated, and as a PAIN KILLER its fame is limited to no country, sect nor race. It needs only to be known to be prized.

THIRTY YEARS is certainly a long enough time to prove the efficacy of any medicine, and that the PAIN KILLER is deserving of all its proprietors can claim for it, is amply proved by the unparalleled popularity it has attained. It is a sure and EFFECTIVE remedy. Sold by all Druggists.

PRICE 25 cts, 50 cts, AND $1.00 PER BOTTLE.

GENERAL AGENTS,
CHARLOTTE N. C.

THE EQUITABLE

HAS BECOME THE LEADING COMPANY OF THE WORLD.

Its New Business (sum assured), for the year 1869, exceeded that of the second company in rank by more than THIRTEEN MILLION DOLLARS.

In 1860 it was the 9th Company in new business for the year; in 1861 it was the 8th; in 1862 and 1863 the 7th; in 1864 and 1865 the 6th; in 1866, the 4th; in 1867, the 3d; in 1868, the 2nd;

In 1869 it was the FIRST.

The insuring public should not allow itself to be deceived with regard to the term "Annual Dividends." Many companies using this expression mean that their dividends are "annual" AFTER THEY ONCE BEGIN TO PAY THEM AT ALL; but they DO NOT BEGIN TO PAY until the settlement of the third, fourth, or fifth premium.

One hundred Dollars paid in dividends at the end of one year, and each year thereafter, equals FOUR HUNDRED AN. THIRTY SIX DOLLARS paid at the end of FOUR YEARS, interest at six per cent.

Applications for Assurance may be made to any of the Society Agents throughout the country, or in person or by letter to the General Agents.

Gentlemen of character desirous of forming a connection with the Society as Agents are invited to communicate with its General Agents.

DUNN'S PATENT COTTON TIE.

WE BEG TO ANNOUNCE that we have been appointed Sole Agents for the sale of the above Patent Tie in Virginia and North Carolina.

The satisfaction it gave last season wherever used, warrants us in recommending it as the best tie yet introduced. It combines the advantages of great strength, great simplicity and ease in manipulation, besides the difficulty of taking up the slack of the band in the operation of baling, is entirely obviated.

A PROCLAMATION

By His Excellency the Governor of North Carolina.

Executive Department of N. C.,
RALEIGH, June 6 h, 1870.

WHEREAS, Official information has been received at this Department, that a vacancy exists in the representation from this State in the Congress of the United states, caused by the resignation of Hon. JOHN T. DEWEESE, a member of the House of Representatives from the 6th Congressional District, composed of the counties of Wake, Franklin, Granville, Orange, Johnston, Nash, Chatham and Warren,

Now therefore, I, W. W. HOLDEN, Governor of the state of North Carolina, by virtue of authority vested in me by law, do issue this Proclamation, ordering an election to be held in the various counties composing said District, on the first Thursday in August next, for the purpose of filling the unexpired term of the said JOHN T. DEWEESE. It is further ordered, that said election be held in all respects in accordance with existing laws.

Done at our City of Raleigh, this 6th day [L. s.] of June, 1870, and in the 94th year of our Independence.

W. W. HOLDEN, Governor.

Medal Awarded by the Paris Exposition, 1867.

THE AMERICAN COMBINATION Button Hole & Sewing Machine

Has been honored with the *highest award* in preminms and diplomas wherever entered for competition at *fairs* and *exhibitions* held during the past season.

THE SIMPLICITY, EASE AND CERTAINTY with which this machine operates as we l as the uniform excellence of its work throughout the entire range of Sewing, in

Stitching, Hemming, Felling, Tucking, Cording, Braiding Quilting, Gathering & Sewing on, Overseaming, Embroidering on the Edge, and its Beautiful Button-Hole and Eyelet Hole Work.

Place it unquestionably far in absence of any other similar invention.

It is also the CHEAPEST intrinsically, as well as the BEST, since it is really TWO MACHINES combined in one, (by a simple and beautiful mechanical arrangement never before accomplished by human ingenuity,) making either the Lock Stitch, or Button-Hole Stitch, as occasion may require. It is, at the same time, simple in construction, comparitively noiseless, easily understood, and in a word, it combines with these ADVANTAGES, EXCLUSIVELY ITSOWN, THE MOST DESIRABLE QUALITIES OF ALL OTHERS.

The public are invited to examine this remarkable machine at Mrs Tompkins' Boarding House, (Mrs. Thompson's old stand,) Fayetteville Street, and at Watson's Photographic Gallery.

Instructions in the use of the machine will be given to all purchasers *gratis*.

NON-EXPLOSIVE COMBINATION BURNING FLUID

THE CHEAPEST, BEST AND SAFEST ILLUMINATING AGENT IN

THE WORLD!!

No more Exploded Cans!—No more Exploded Lamps!
No more Smoke!—No more Grease!
No more Fires!!

EVERYBODY PREFERS IT AFTER GIVING IT A TRIAL?

It costs less!—It lasts longer!—Gives a more Brilliant Light!—May be burned in hand lamps, without chimney.

Guaranteed to make a better and safer light than Coal Oil and to be NON-EXPLOSIVE!!!

No accidents have ever happened with it.

Protected by Copy right for 28 years from May 8th 1868.

The above Fluid has been in constant use for upwards of three years, and has sustained its unrivalled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. Soft, clear, steady and uninjurious to the eyes. All that is asked is, a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a *safe and brilliant* illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

ROCKBRIDGE ALUM SPRINGS, VA.

Open May 15th, 1870.

THIS FAVORITE AND CELEBRATED Watering Place is now in complete order for the reception of guests. Important improvements have been added to the buildings since the establishment passed into the hands of the present proprietor, and it is his purpose to keep it in a style not surpassed anywhere in Virginia. The waters of these special springs either cure or greatly relieve most cases of Scrofula, Incipient Consumption, Chronic Bronchitis, Chronic Laryngitis, Chronic Pneumonia, Chronic Dyspepsia, Chronic Diarrhœa, Painters. They are also a great value in those affections which are peculiar to the female constitution, and as an appetizer, a tonic and general restorative, they are, perhaps, unrivalled amongst mineral waters. The proprietor will have provided for the lawns and ballroom a first-class band of music, and in general all the sources of amusement and recreation usually found at our best supmer resorts will be at the command of the guests at "ROCKBRIDGE ALUM." The place is within eleven to thirteen hours of Richmond, Washington, Baltimore, &c., by rail, all in daylight. Passengers leave the cars of the Chesapeake and Ohio Railroad at Goshen Depot, and new and elegant stage coaches, passing rapidly over a smooth and level road of only eight miles, set down the visitors at the Springs to tea.

A. BALDING'S

PATENT GLASS SUBMERGED

DOUBLE-ACTING FORCE PUMP,

SUBSTITUTE FOR A FIRE ENGINE.

THIS Pump will pump 30 gallons of water per minute, will never cut out the packing, has no friction, no water ever stands in its pipes to freeze, and is less liable to get out of order than any other pump now used. It can be set up in a short time by any ordinary mechanic.

The No. 3 pump for yard wells will be sold at from $20 to $30, capable of throwing 20 gallons of water per minute. The price of No. 2 for railroad stations, throwing 60 gallons per minute, will be given upon application.

Having the exclusive right to this pump for the states of North and South Carolina, and having established a factory for the manufacture of them at Wilson, N. C., I will receive orders for them at Wilson, and will ship them by Express C. O. D., or, if the money is sent me, by the regular freight. The number of feet in the depth of the well must be given in all cases.

MR. J. L. KITCHIN:

DEAR SIR.—We certify that the "Balding Pumps" put up by you in the town of Scotland Neck are a perfect success. They pump very rapidly, and by attaching hose, will throw water from 40 to 60 feet and would prove invaluable in case of fire.

POLICIES VALUABLE IN LIFE, AS WELL AS AT DEATH!!

THE BROOKLYN LIFE, IS THE ONLY COMPANY IN AMERICA WHICH GUARANTEES

DEFINITE CASH SURRENDER VALUES,

IN CASE A POLICY IS FORFEITED FOR NON-PAYMENT OF PREMIUM.

The BROOKLYN LIFE enjoys the highest reputation *for judgment of investment, economy of management, and skil. and care in the selection of risks*,—upon which elements of administration the security of a Life Insurance Corporation *depends*.

The laws of New York *compel* Companies in that State to calculate the Cash value of their Policies, each and every year, *and a certain legal standard of reserve and accumulation must be held by the Companies to meet all their liabilities.*

Insurers in looking around for Companies in which to insure, should carefully seek for this important safeguard. It will be found in the BROOKLYN LIFE.

DR. E. BURKE HAYWOOD,	Examining Physician.
Gen'l. S. B. BUCKNER,	Manager Southern Dep't.

The Globe has peculiar claims upon the Southern country, from having first introduced the non-forfeiting feature in all its policies. Its President, Mr. Pliny Freeman, was the inventor of the ten-year, non-forfeiture plan, and introduced it in the Company with which he was then connected.

The Globe takes no notes; but receives its premiums in cash, and pays its policies in cash, without deduction.

To those desiring it, the Company will issue policies, registered and certified by the Superintendent of the Insurance Department of New York, as "secured by pledge of public stock."
